

Outdoor Fabric Products Association of New Zealand

## FABRIC CARE LABEL 1<sup>®</sup>

*These instructions will maintain the appearance and extend the functional life of the fabric*

- PVC Coated Fabrics
- Polypropylene Woven Coated Fabrics
- PVC Coated Nylon/Polyester Fabrics

Care instructions relate to PVC coated side only of fabrics with PVC one side coating

### PROHIBITIONS/WARNINGS

- Do not use solvents, abrasives or harsh detergents to clean
- Do not dryclean
- Do not iron

### GENERAL CARE INSTRUCTIONS

A regular wipe over with warm soapy water followed by rinsing with cold water will remove normal soiling. Where a build-up has occurred, the surface should be cleaned with a soft brush and mild, non abrasive detergent, then rinsed thoroughly.

### SPOT CLEANING / SPECIAL TREATMENTS

Mildew may be removed by wiping with a cold solution of household chlorine bleach having 4% chlorine, in the proportion of one part in four to water. Rinse thoroughly with cold water.
