

SHADELINE AWNINGS

The Shadeline awning reduces heat and UV rays entering the home during summer and provides protection for your furnishings, keeping your home at a comfortable temperature and removing the need for cooling systems.

- » Cool Awnings custom-make all our products to fit your home or business.
- » We have a large range of fabric colours and options available.
- » All the components are stainless and aluminium, and are made in NZ from European and NZ components.
- » Hardware is available in grey or white or can be powder coated to match your home or fabric.
- » Maximum size for a Shadeline awning is 5.8m wide with 1.5m arms.
- » All Shadeline awnings can be retracted or extended via crank operated gearbox or a remote controlled motor.
- » The addition of a pelmet will increase the life time of your awning fabric.
- » All our products come with a 5 years warranty on fabric and hardware.
- » Our Shadeline awnings are installed by our experienced awning installation team.
